You have no idea!!! You will be
surprised

There is no time to get ready when
the day comes

The Pharisees can't figure out when the Kingdom of God comes with science.

The disciples didn't know exactly what was going to happen to them or when.

The disciples and all the followers of Jesus did not know that the Roman emperors would literally go crazy and persecute the Israelites in horrific ways.

And, in the same way, we can't predict when Jesus will return.

It is about faithful readiness...

Let us live our lives with God, connected to God, ready to suffer, confident that we are loved, actively loving those around us, and hopeful that God's Kingdom is here and is coming more fully.
